

NEWS RELEASE

Dynamic Energy Services International, LLC Expands in New Iberia

New Orleans, Louisiana - January 4, 2013 - Dynamic Energy Services International LLC, a leading fabrication and service provider to the Global Oil, Gas and Energy Industries, announced today that one of its primary operating divisions, ***Dynamic Construction Services*** is relocating its New Iberia shore base from Curtis Lane to Port Road. Effective February 1, 2013, ***Dynamic Construction Services*** will relocate from the small 5 acre land-locked Curtis Lane facility to 5007 Port Road, which is a 67 acre fabrication facility with three slips and 550 linear feet of bulkhead.

Dynamic Construction Services is one of the largest offshore construction companies servicing the US GoM with shore bases for the Western, Central and Eastern Gulf in Harvey, LA, New Iberia, LA, and Ingleside TX, respectively. The Company recently expanded into the shale areas providing a full line of site development services in Texas in the Eagle Ford and in W. Virginia and Pennsylvania in the Marcellus Shale. ***Dynamic Construction Services*** also provides a full line of specialty craft services including electrical & instrumentation, fire & safety, scaffolding, staffing and plant services. With facilities throughout the Gulf South and in the onshore shale plays, ***Dynamic Construction Services*** specializes in the following services:

Harvey, LA	Offshore Maintenance & Hook Up / Onshore Fabrication for the Eastern Gulf of Mexico
New Iberia, LA	Offshore Maintenance & Hook Up / Onshore Fabrication for the Central Gulf of Mexico
Ingleside, TX	Offshore Maintenance & Hook Up / Onshore Fabrication for the Eastern Gulf of Mexico
Rayne, LA	Offshore & Onshore Blasting & Painting
New Iberia, LA	Upstream & Downstream Scaffolding
Morgantown, WV	Production Facility Construction & Hook Up / Compressor Station Fabrication & Hook Up
Broussard, LA	Automation / Electrical & Instrumentation / Panel Fabrication / Fire & Safety

Wilkes-Barre, PA	Automation / Electrical & Instrumentation / Fire & Safety
Carrizo Springs, TX	Automation / Electrical & Instrumentation / Fire & Safety, and Production Facility Construction & Hook Up / Compressor Station Fabrication & Hook Up
Alvin, TX	Downstream capital projects & maintenance
New Iberia, LA	Staffing services for all construction crafts through Innovative Manpower Solutions

Emile Dumesnil, President and CEO of Dynamic Energy Services International LLC said, “*We are extremely excited about our new fabrication facility for **Dynamic Construction Services** in New Iberia. The new facility has excellent water access and is over 10 times the size of the former land-locked facility. This move, like the expansion into the shale areas in 2012, is a direct result of our desire to be everywhere our customer wants us to be with our 100% Gulf of Mexico - based workforce. It’s this type of responsiveness that the market has come to expect of **Dynamic Construction Services** and to which we are committed.*”
