

**dii**  
**dynamic**

*...A Moreno Group Company*

# Your Global Partner.

*In Fabrication, Construction  
And Maintenance Services.*

**Dynamic Industries, Inc. (dii)** provides expansive and integrated full-service fabrication, construction and maintenance services worldwide to the upstream, midstream and downstream sectors of the energy, chemical manufacturing, industrial and pipeline industries.

## INDUSTRIES

CHEMICAL & PETROCHEMICALS

GAS PROCESSING

OFFSHORE SERVICES

OIL & GAS PRODUCTION

PETROLEUM REFINING

POWER GENERATION

PIPELINE TRANSMISSION

Our success over the past 20 years has been defined by our lasting partnerships with customers, industry-leading design and engineering groups, and EPC firms as well as the ability to consistently execute projects on schedule and within budget. These industry leaders have come to rely on **dii's** expertise, operational excellence, and outstanding dependability.

We have become one of the fastest growing and innovative companies in our industry. Through this innovation, we are able to experience continuous improvement in all areas of our business.

### CULTURE AND VALUES

We have developed a company culture where each employee takes personal ownership of client projects to ensure expectations are met and goals are achieved.

We uphold the core values of honesty, openness, and respect in all dealings.

### COMPANY HISTORY

Dynamic Industries, Inc. was founded in 1985 as an offshore service company, specializing in interconnecting piping fabrication, associated pipe installation-commissioning and offshore maintenance services.

From 1986 to 1998 **dii** grew to become one of the premier hookup and commissioning contractors in the Gulf of Mexico.

In 1998 **dii** was purchased by current CEO, Mike Moreno. Under his leadership **dii** has transformed itself into a full-service construction company sharing the same core values of safety and quality as its customers.

Through strategic corporate acquisitions, capital investments in infrastructure, expansion and accumulation of physical facilities, as well as assembling a strong and experienced management team, **dii** has emerged as a major force in the upstream and downstream industries.

**Our reputation & expertise** has helped us achieve “Core Contractor” status for some of the largest E&P companies in the world.

**dii**

#### **FABRICATION CAPABILITIES**

dii has become a proven leader in heavy and light fabrication capabilities from structural steel fabrication of offshore jackets, drilling and production decks to process plant modules. We also have the ability to transport finished projects by water, rail, and truck from our plant locations around the world.

#### **FIELD SERVICES**

Our comprehensive array of field services, including installation and connection of the fabricated units and commissioning and ongoing facility maintenance, offered both domestically and worldwide, enable companies to rely on dii for sourcing all of their essential service needs.

#### **UPSTREAM & DOWNSTREAM SECTORS**

Dynamic Industries has executed projects of all sizes for E&P companies producing oil and gas, both domestically and internationally. We are uniquely positioned to meet specific needs of clients in the upstream and downstream sectors through our large and diverse pool of experienced craftsmen, coupled with our heavy structural and modular fabrication experience. We have expanded and integrated our capabilities and services to meet the ever-changing requirements of our

clients as they expand their operations into deeper water with larger and more complex facilities.

#### **UPSTREAM OFFSHORE OIL & GAS SERVICES**

- Production Deck Fabrication
- Drilling Deck Fabrication
- Living Quarters Deck Fabrication
- Production Platform Jacket Fabrication
- Wellhead Protector Fabrication
- Production, Compressor and Utility Module Fabrication
- Production Platform Refurbishment
- Pipeline Metering/Pigging Module Fabrication
- Flareboom, Helideck and Bridge Fabrication
- Gas Compression Skid Fabrication

#### **DIVISIONS**

**OFFSHORE FABRICATION AND ASSEMBLY**

**MODULAR FABRICATION**

**OFFSHORE FIELD SERVICES DIVISION**

**INDUSTRIAL DIVISION**

**OFFSHORE EQUIPMENT RENTAL DIVISION**

**TECHNICAL DIVISION**

**LOAD-OUT LIFTING CAPABILITIES**

**dii, LLC – ENVIRONMENTAL AND CLEANING DIVISION**

**COATINGS DIVISION**

**dii, LLC – DISASTER RESPONSE DIVISION**

**dii, LLC – MANCAMP DESIGN, CONSTRUCTION AND OPERATION**

Due to our unrelenting commitment to safety,  
our clients view us amongst the **safest**  
fabricator and construction services firms.

#### SAFETY, HEALTH & ENVIRONMENTAL

Dynamic Industries, Inc. sets the industry standard, with the most comprehensive SH&E Training for our employees.

The twelve member professional SH&E Team works closely with employees, First Line Supervision, Management and clients to ensure that SH&E remains a core value that is “never compromised”.

Of the many ways that dii ensures continual improvement in this essential area of our business operations is through several ongoing programs, practices and policies:

- Individual and team based Behavioral Safety Observation Process
- First line supervisor Job Safety and Environments Analysis (JSEA)
- Hazard Assessment Process
- SH&E Leadership Team Meetings
- Stop Work Authority Process

...A Moreno Group Company
