LQT Industries, LLC Provides an 11- Aluminum Building Package and Helideck for an Oil and Gas Platform in the Gulf of Mexico.

Broussard, Louisiana, USA – April 7, 2014 – *LQT Industries, LLC*, a provider of high quality accommodation buildings to the oil and gas industry, has provided an 11-aluminum building package and a helideck to be installed on a fixed platform in the Gulf of Mexico.

The aluminum building package is comprised of 11 aluminum modular units – (4) 10 man sleepers, (3) 12 man sleepers, (1) recreation room, (1) laundry/office, and (1) diner. Each modular section weighs approximately 15,000 pounds and can provide a significant reduction in weight over many comparable fiberglass and steel buildings. In addition to providing the 11 aluminum modular buildings, *LQT* is also providing a helideck as well as the generators, electrical distribution system, water maker, sewage treatment system, and offshore hook-up and commissioning services.
