

NEWS RELEASE

LQT Industries, LLC Delivers 3 Aluminum Control Buildings To Be Used On Venezuelan Oil and Gas Platforms.

Broussard, Louisiana, USA – August 13, 2014 - *LQT Industries*, delivers three (3) Motor Control Centers (MCCs) to operate multiple un-manned natural gas production platforms to supply natural gas to Venezuela's power plants.

The three (3) MCC buildings feature integrated switchgear, motor controls, owner provided controls and instrumentation, and seven day battery back-up systems. All three (3) MCC buildings have been shipped to a topside facility contractor in Tampico, Mexico, where they will be integrated with three separate offshore platforms before being installed in the Gulf of Venezuela.
