

### **Moreno Group, LLC changes name to Dynamic Energy Services International, LLC**

Lafayette, Louisiana - February 28, 2012 - Moreno Group, LLC, a leading fabrication and service provider to the Global Oil, Gas and Energy Industries, today announced its new company name Dynamic Energy Services International LLC (*DYNESI*). Through organic growth and strategic acquisitions *DYNESI* has evolved into an international company which focuses on engineering, procurement, construction, installation and maintenance, ("EPCIM") of offshore and onshore projects to the upstream market place. Additionally, led by its significant modular fabrication experience in the downstream industry, *DYNESI* also provides EPCIM services to the global downstream industries in the US and Latin America.

*DYNESI* is unique among its competitors in that it bundles critical components of the supply chain under a single umbrella in the service of schedule and efficiency on any particular project. By doing so *DYNESI* offers a fully integrated one-stop shop for bulk supply, equipment rental, housing, catering and project management to its EPCIM clients.

Michel Moreno, Chairman and CEO of Dynamic Energy Services International LLC states, "We make this name change to better reflect our core brand and the global scope of our client base and projects. Added Emile Dumesnil, President of Dynamic Energy Services International LLC, "The foundation that Moreno Group and its predecessor companies have built over the last 27 years and the commitment and loyalty of our co-workers provide the perfect springboard for another 3 decades of exceptional growth for *DYNESI*."
