

... division of Dynamic Industries Inc.,
a DYNESI™ Company

FOR IMMEDIATE RELEASE:

Dynamic Construction Services, a Dynamic Energy Services International Company, has been awarded a contract to provide onsite restoration services for a coal-fired, steam-electric generating plant in West Texas.

Houston, Texas, May 2015 - Dynamic Energy Services International LLC, a leading fabrication and service provider to the Global Oil, Gas and Energy Industries, announced that its specialty craft division, Dynamic Construction Services (DCS), has been awarded a contract to provide field craft services for the replacement and refurbishment of primary and secondary structural steel in the coal-handling facility. The facility was originally designed for dry coal, but is now utilizing wet coal to minimize environmental issues. The duration of the project is estimated to be six months, and the facility will continue to operate while the services are being performed.

Matt Oubre, COO of DCS said, *“We are very excited about the opportunity to add this unique project to the portfolio of turnkey construction and maintenance services that we provide across all sectors of the energy industry”*.

About Dynamic Construction Services

Dynamic Construction Services (DCS) is a full service Construction Division of Dynamic Industries, Inc. - providing light fabrication, site construction and maintenance, and specialty craft services for offshore and onshore projects. DCS provides a broad variety of complementary services either stand alone or bundled into a turnkey offering, such as offshore structural, piping, electrical & instrumentation, automation, fire & safety, blasting & coating, insulation, scaffolding, and project staffing services.

About Dynamic Industries, Inc.

Dynamic Industries, Inc. was founded in 1985 as an offshore services company, specializing in interconnecting pipe fabrication, associated pipe installation, and commissioning & offshore maintenance services. Through a change of ownership in 1998 Dynamic quickly grew to become one of the premier hook up & commissioning contractors in the Gulf of Mexico. Today Dynamic has expanded its services and footprint globally and now operates in West Africa, Mexico, Caribbean, South America and the Middle East.
