a DYNESI™ Company

## **FOR IMMEDIATE RELEASE:**

**Dynamic Construction Services, a Dynamic Energy Services International Company, has been awarded a contract to fabricate and install the topsides portion of a subsea tie-back for a deepwater Gulf of Mexico operator.**

**Houston, Texas, September 2015** - Dynamic Industries, Inc., a leading fabrication and service provider to the global Oil, Gas and Energy industries, announced that its specialty craft division, Dynamic Construction Services (DCS), has been awarded a key contract to provide fabrication, topsides installation and hookup services for a deepwater subsea tie-back in the Gulf of Mexico. Dynamic's Harvey facility will be responsible for the fabrication scope as well as mobilization and management of offshore crews.

Matt Oubre, President of DCS said, *“Dynamic is very excited about being awarded this high visibility project. We are confident that the focus on our Core Values – Safety, Quality, and Productivity – will allow us to successfully complete this project and pave the way for similar projects in the near future.”*

### **About Dynamic Construction Services**

*Dynamic Construction Services (DCS)* is a full service Construction Division of Dynamic Industries, Inc. - providing light fabrication, site construction and maintenance, and specialty craft services for offshore and onshore projects.
