

... division of Dynamic Industries Inc.,
a DYNESI™ Company

FOR IMMEDIATE RELEASE:

Dynamic Construction Services, a Dynamic Energy Services International Company, has been awarded a long term contract as “Primary Contractor” for ongoing fabrication and site construction services for a deepwater Gulf of Mexico operator.

Houston, Texas, September 2015 - Dynamic Industries, Inc., a leading fabrication and service provider to the global Oil, Gas and Energy industries, announced that its specialty craft division, Dynamic Construction Services (DCS), has been awarded a significant long term contract to provide fabrication and site construction services for a deepwater Gulf of Mexico operator. The scope of the project includes continuous fabrication and offshore construction services in support of ongoing operations and expansions of the operator’s Gulf of Mexico assets. Dynamic’s Harvey facility will be responsible for the fabrication scope as well as mobilization and management of offshore crews.

Matt Oubre, President of DCS said, *“We are very excited about being named ‘Primary Contractor’ for another Gulf of Mexico operator. Dynamic appreciates this opportunity and has already set a goal of extending our ‘Primary Contractor’ status well into the future by delivering services reflecting our Core Values – Safety, Quality and Productivity.”*

About Dynamic Construction Services

Dynamic Construction Services (DCS) is a full service Construction Division of Dynamic Industries, Inc. - providing light fabrication, site construction and maintenance, and specialty craft services for offshore and onshore projects. DCS provides a broad variety of complementary services either stand alone or bundled into a turnkey offering, such as offshore structural, piping, electrical & instrumentation, automation, fire & safety, blasting & coating, insulation, scaffolding, and project staffing services.

About Dynamic Industries, Inc.

Dynamic Industries, Inc. was founded in 1985 as an offshore services company, specializing in interconnecting pipe fabrication, associated pipe installation, and commissioning & offshore maintenance services. Through a change of ownership in 1998 Dynamic quickly grew to become one of the premier hook up & commissioning contractors in the Gulf of Mexico. Today Dynamic has expanded its services and footprint globally and now operates in West Africa, Mexico, Caribbean, South America and the Middle East.
