

... division of Dynamic Industries Inc.,  
a DYNESI™ Company

## **FOR IMMEDIATE RELEASE:**

### **Dynamic Construction Services, a Dynamic Energy Services International Division, to provide shop blasting and coatings for a chemical plant located in Lake Charles, LA.**

**Houston, Texas, November 2015** - Dynamic Industries, Inc. a leading fabrication and service provider to the Global Oil, Gas and Energy Industries, announced that its specialty construction division, Dynamic Construction Services (DCS), has been awarded a contract to provide shop blasting and coatings of large bore pipe of varying diameters to a client engaged in a critical capital expansion project..

Matt Oubre, DCS President, said, *“DCS appreciates the confidence our client has shown in selecting DCS to support them in this fast track project. Our expanded integrated offering has been created to increase the value our clients have come to expect from DCS.”*

In September, Dynamic Construction Services opened up multi-service branch in Lake Charles, La., to provide Insulation, Coatings, Scaffolding and Manpower Services to the Gulf Coast Petrochemical Market.

#### **About Dynamic Construction Services**

*Dynamic Construction Services (DCS)* is a full service Construction Division of Dynamic Industries, Inc. - providing light fabrication, site construction and maintenance, and specialty craft services for offshore and onshore projects. DCS provides a broad variety of complementary services either stand alone or bundled into a turnkey offering, such as offshore structural, piping, electrical & instrumentation, automation, fire & safety, blasting & coating, insulation, scaffolding, and project staffing services.

#### **About Dynamic Industries, Inc.**

*Dynamic Industries, Inc.* was founded in 1985 as an offshore services company, specializing in interconnecting pipe fabrication, associated pipe installation, and commissioning & offshore maintenance services. Through a change of ownership in 1998 Dynamic quickly grew to become one of the premier hook up & commissioning contractors in the Gulf of Mexico. Today Dynamic has expanded its services and footprint globally and now operates in West Africa, Mexico, Caribbean, South America and the Middle East.

#### **About Dynamic Energy Services International, LLC**

*Dynamic Energy Services International Company (DYNESI)* Headquartered in New Orleans, LA, DYNESI; through its four major business units, provides fully integrated EPCIM services globally to the upstream and downstream markets. (<http://www.dynamicind.com/>)
