LQT Industries Awarded Modular Construction Projects

Broussard, Louisiana, USA – May 16, 2016 - *LQT Industries, LLC*, a full-service provider of high quality accommodation facilities, design-build construction services, and support services to the oil and gas industry, has been awarded the construction of modular buildings from four (4) companies in the upstream and downstream market.

“We are pleased to continue to be a key supplier to our clients in a difficult market,” said John Alford, President of *LQT Industries*. “We appreciate the confidence our customers show in us and continue to gain customers due to our design-build capabilities and our on-time delivery of projects.”

The fabrication and outfitting of these customized buildings will be completed at *LQT's* Fabrication Facility in Abbeville, LA, which specializes in designing and fabricating various types of modular structures including blast rated buildings, MCC buildings, and accommodation buildings.

About LQT Industries, LLC

LQT Industries, LLC, located along the Gulf Coast, designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC's), E-Houses, and many specialty building applications. *LQT* provides fire and safety services for the domestic and international offshore and onshore energy markets. *LQT* also rents construction equipment for the oilfield, petrochemical, emergency response, and remote workforce applications. By striving to provide the highest quality products and services, *LQT* has become a leader in providing accommodations and equipment for the oil and gas industry worldwide.
