LQT Industries Awarded Three (3) Construction Contracts

Broussard, Louisiana, USA – August 2, 2016 - *LQT Industries, LLC*, a full-service provider of high quality accommodation facilities, design-build construction services, and support services to the energy and industrial markets, has been awarded contracts from three (3) customers to build aluminum and steel MCC, blast resistant, and specialty petrochemical buildings.

“We are pleased that we are expanding our petrochemical/industrial footprint with these orders,” said Axel Vasquez of *LQT Industries*. “*LQT* produces high quality buildings and has significant experience in aluminum construction.”

The projects are located in Port Fourchon, Lake Charles, and Baton Rouge. The structures of two (2) of the three (3) projects will be built using aluminum, including the blast resistant building.

About LQT Industries, LLC

LQT Industries, LLC designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC’s), E-Houses, and many specialty building applications. *LQT* provides fire and safety services for the domestic and international offshore and onshore energy markets. *LQT* also rents construction equipment for the oilfield, petrochemical, emergency response, and remote workforce applications. By striving to provide the highest quality products and services, *LQT* has become a leader in providing accommodations and equipment for the oil and gas industry worldwide.
