

... division of Dynamic Industries Inc.,  
a DYNESI™ Company

## **FOR IMMEDIATE RELEASE:**

### **Dynamic Construction Services, a Dynamic Energy Services International Company, has been awarded a contract to provide Coatings and Scaffolding services for a Gas Processing Plant in Franklin, LA.**

**Houston, Texas, September 2016** - Dynamic Industries, Inc. a leading fabrication and service provider to the global Oil, Gas and Energy industries, is excited to announce that its specialty craft division, Dynamic Construction Services (DCS), has been awarded a key contract for a Coatings and Scaffolding Program for a Gas Processing Plant in Franklin, LA. Dynamic will be responsible for Pressure Washing the area to SSPC-SP1 using a 3,500PSI pressure washer, as well as Power Tool cleaning the area to a SSPC-SP3 standard.

J.D. Touchet, Business Development Team Lead at DCS said, *“It is a testament to the relationships DCS has forged over the years with our valuable customer base both Domestic and International. The culmination of this project was a direct result of teamwork. This will serve as a signature project for everyone involved.”*

#### **About Dynamic Construction Services**

*Dynamic Construction Services (DCS)* is a full service Construction Division of Dynamic Industries, Inc. - providing light fabrication, site construction and maintenance, and specialty craft services for offshore and onshore projects. DCS provides a broad variety of complementary services either stand alone or bundled into a turnkey offering, such as offshore structural, piping, electrical & instrumentation, blasting & coating, insulation, scaffolding, and project staffing services.

#### **About Dynamic Industries, Inc.**

*Dynamic Industries, Inc.* was founded in 1985 as an offshore services company, specializing in interconnecting pipe fabrication, associated pipe installation, and commissioning & offshore maintenance services. Through a change of ownership in 1998 Dynamic quickly grew to become one of the premier hook up & commissioning contractors in the Gulf of Mexico. Today Dynamic has expanded its services and footprint globally and now operates in the USA, West Africa, Mexico, Caribbean, South America and the Middle East.

#### **About Dynamic Energy Services International, LLC**

*Dynamic Energy Services International Company (DYNESI)* Headquartered in New Orleans, LA, DYNESI; through its four major business units, provides fully integrated EPCIM services globally to the upstream and downstream markets. (<http://www.dynamicind.com/>)
