### ***LQT Industries Awarded Fire and Safety Projects in the Petrochemical and International Drilling Markets***

**Broussard, Louisiana, USA – October 12, 2016 - *LQT Industries, LLC***, a worldwide service provider and construction company to the energy and industrial markets, has been awarded projects to provide fire and safety services for a petrochemical facility in Louisiana and a major drilling company in the Middle East.

*LQT* has been selected as the fire and safety contractor for a turn-around maintenance project in an LNG facility in Louisiana. *LQT's* Fire and Safety Division is providing onsite services including gas detection, breathing air support, and 24 hour monitoring and maintenance support. *LQT* is also providing construction rental equipment and an aluminum modular building to support the turn-around.

In the Middle East, *LQT* has been awarded the engineering, procurement, and the installation contract for multiple fire suppressions systems on a drilling rig for a major drilling company. *LQT* has a history of success in this market.

In addition, *LQT* has started construction on a new headquarters for the Fire and Safety Division in Abbeville, LA.

*“LQT’s business development team has expanded our customer base in the commercial and industrial market,”* said Lonny Gaspard, *LQT’s* Fire and Safety Division Manager. *“This compliments our oil and gas focus and has been a good transition for our management team with over 85 years of experience.”*

#### **About *LQT Industries, LLC***

*LQT Industries, LLC* designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC’s), E-Houses, and many specialty

building applications. *LQT* provides fire and safety services for the domestic and international offshore and onshore energy markets. *LQT* also rents construction equipment for the oilfield, petrochemical, emergency response, and remote workforce applications. By striving to provide the highest quality products and services, *LQT* has become a leader in providing accommodations and equipment for the energy and industrial markets worldwide.
