***LQT* Awarded Contracts for Industrial Blast Buildings**

Broussard, Louisiana, USA – February 1, 2017 - *LQT Industries, LLC*, a service provider and construction company to the energy and industrial markets worldwide, has been awarded the projects for multiple blast rated modules (BRMs) for a petrochemical facility in Louisiana.

LQT's scope of work consist of the engineering, procurement and fabrication of blast rated modules (BRMs) for two (2) EPC firms. The projects are scheduled to be complete by the end of the 2nd quarter 2017.

“These orders provide us additional backlog in the industrial market,” said Peter Reeves of *LQT*. “Our project awards are a result of our excellent track record of executing projects and delivering quality products. *LQT's* construction team has over 84 years of experience and a growing reputation in this market.”

LQT is currently constructing eight (8) blast resistant modules (BRMs) at their facility in Abbeville, LA.

About *LQT Industries, LLC*

LQT Industries, LLC designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC's), E-Houses, and many specialty building applications. *LQT* provides fire and safety services and industrial insulation services.
