***LQT* Awarded Project for Outfitting of Three (3) Story Single Lift Accommodations and Control Facility**

Broussard, Louisiana, USA – February 21, 2017 - *LQT Industries, LLC*, a service provider and construction company to the energy and industrial markets worldwide, has been awarded the outfitting of a three (3) story single lift accommodations and control unit. The project is for an exploration and production company in South America.

LQT's portion of the project includes project management, procurement, and execution of outfitting the entire interior of the accommodations facility. The work scope includes the insulation, walls, flooring, plumbing, electrical, HVAC, and electrical integration of switchgear and generators.

“We appreciate the confidence our customers continuously show in us. This confidence has resulted in more ongoing construction projects since 2013,” said Peter Reeves of *LQT*. “Our capabilities continue to grow as we are a key provider on energy and industrial projects worldwide. *LQT*'s presence in the international market has grown with multiple projects scheduled in 2017.”

About *LQT Industries, LLC*

LQT Industries, LLC designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC's), E-Houses, and many specialty building applications. *LQT* also provides fire and safety services, industrial insulation services, and rents construction equipment to the domestic and international onshore and offshore energy markets. By striving to provide the highest quality products and services, *LQT* has become a leader in providing accommodations and equipment for the energy and industrial markets worldwide.
