LQT Announces Middle East and U.S. Industrial Projects

Broussard, Louisiana, USA – March 30, 2017 - *LQT Industries, LLC*, a service provider and construction company to the energy and industrial markets worldwide, has been awarded three (3) contracts for fire suppression and detection systems for a major drilling company in the Middle East. *LQT* personnel will be onsite providing services during the projects.

LQT will be the lead fire and safety contractor for a new turn-around maintenance project in a large LNG facility in the U.S. *LQT* will be providing onsite services, gas detection, and rental equipment to support the turn-around.

In addition, *LQT* has completed a new headquarters for their Fire and Safety Division. The new facility is located at *LQT*'s fabrication facility in Abbeville, LA. The facility will be operational by April 1, 2017.

“*LQT* has been able to develop a good relationship in the Middle East. This has been very positive in growing our business along with the industrial and commercial focus we have with our business development effort,” said Lonny Gaspard of *LQT*. “The management team is excited about the new facility which gives us a strong base to grow our business.”

About LQT Industries, LLC

LQT Industries, LLC designs, manufactures, and refurbishes buildings for applications such as Accommodations, Motor Control Buildings (MCC's), E-Houses, and many specialty building applications. *LQT* also provides fire and safety services, industrial insulation services, and rents construction equipment to the domestic and international onshore and offshore energy markets.
